	7			SSCI	
* Description					
* Description	<p>Research Methodology and Paper Writing mandatory course for all undergraduates of English majors during the 7th semester. It adopts English textbooks and papers from SSCI journals as teaching materials. The course aims at developing learners' basic qualities in academic research and paper writing. It will enable learners to appropriately select topics, collect documents, retrieve materials, make qualitative and quantitative methods presentation and discuss results and draw appropriate conclusions to help them understand and analyze the macro-structure of research papers, the elements and the organization of each stage and apply them to paper writing, and understand the basic procedures for paper submission. The course adopts multimedia Internet technology and diversified teaching methods such as writing, discussion, analysis, presentation, and operation to make the classings more interesting and useful.</p>
