* B.0;1° Description	<p>"EN322 - Famous English Poems" is a course designed for senior students with a good command of English language, disregarding the student's academic background. In this course, students can inspect how a piece of artistic work, and inspiring, is forged by a literary master of English language, and how common scenes and events are transformed into plots and thoughts that are humorous, wise, sophisticated and touching so that both the elegant and the banal feel delighted at them. Poems to be studied in this course are dated back to the European Renaissance through the most recent period. The poets are both male and female. The poems are both romanticist and modernist. Some are narratives, while others are lyrical or philosophical. Students can learn the common rules of poetics, and they can also learn the unique ways of representation of each poet. This course can help students promote their knowledge of the English language, English poetry, and Western ideology.</p>
